YOUNG LIVING
ESSENTIAL OILS

AGILEASE™

Don't miss another adventure! AgilEase™ promotes healthy joint flexibility and mobility by supporting cartilage health at any age, so you can keep moving.

AGILEASE

is formulated with frankincense resin powder and Wintergreen, Copaiba, Clove, and Northern Lights Black Spruce essential oils.

The resin powder and essentials oils in the AgilEase formula are sourced

FROM AROUND THE WORLD.

Our frankincense is sourced from Salalah, Oman; Wintergreen from Taiwan; Black Spruce from British Columbia, Canada; Copaiba from Brazil; and Clove from Madagascar.

AgilEase delivers results in smaller doses than most joint supplements;

TAKE ONLY TWO DAILY

capsules rather than four of similar supplements.

The boswellic acid used in AgilEase comes from frankincense resin powder that is tapped from

BOSWELLIA SACRA TREES

growing at the frankincense farm in Salalah, Oman.

WHY WE *love* IT

Our joints are often the first to feel our age or the effects of frequent vigorous athletic activity. Even healthy individuals need support for the natural acute inflammatory response that often comes with exercise or a little help promoting joint flexibility and mobility to support your active lifestyle. AgilEase™ was formulated to support your joints, so you can

KEEP LIVING THE LIFE YOU LOVE.

The combination of boswellic acid, UC-II® undenatured collagen, hyaluronic acid, and calcium fructoborate works to help support joint and cartilage function. We specially chose to accompany these compounds with 100 percent pure, therapeutic-grade Wintergreen, Copaiba, Clove, and Northern Lights Black Spruce essential oils to support joints.

With AgilEase, get back to your favorite activities—whether that's a run, hike, or just keeping up with little ones—and enjoy more mobility on your adventures!
